Sheet Cutter TA 310 M

The Automatic Sheet Cutter mod. TA 310 M is a machine for the production of tagliatelle, fettuccine, tagliolini, lasagne and similar. It features automatic thickness adjustment, longitudinal and transversal pasta sheet cutting. Compact and versatile, this machine is suited to medium scale production.

Main technical features:

- ✓ Basement, frame and rollers in Stainless Steel, set on castors.
- ✓ Single couple of calibrating rollers with adjustable thickness by hand wheel.
- ✓ Interchangeable, longitudinal cutting assembly.
- ✓ Adjustable cutting assembly for lasagne (included).
- ✓ Transversal cut by rotary blade with variable speed to adjust the length of the shape.
- ✓ Conveyor belt for finished product.
- ✓ All food contact parts are made in stainless steel or food grade material.
- ✓ Stainless steel electric panel, with all command, control and safety devices.
- ✓ Separate bush-button panel according to CE standards.

On request:

- ✓ Electronic speed variator (inverter).
- ✓ Flour dusting system.

Machine	Unit	310
Hourly output	Kg	90 – 140
Speed	Mt per min	7
Sheet width	mm.	310
Size	mm.	1200 x 900 x 1800
